📄 Overview 🔗

- These user stories will be broken into tasks in Jira and will comprise our goals for sprint 1.

🚩 Stories 🔗

Create user stories (Who, What, and Why).
ex. As a user of this product (who), I need the ability to log into the website (what) in order to access my previous orders (why).

	User story	Functionality	Priority	Notes
1	As a user, I want to see featured movies on the landing page.	Featured Movies Display	HIGH	Decide what it will look like roughly: color scheme Purple and white. display 3 most recent movies.
2	As a user, I want to manage movie reviews so I can share my opinions • Create new reviews with ratings and text • Read reviews from other users • Update my existing reviews • Delete my reviews when needed	Movie review functionality	HIGH	find unique theme here. should reflect current design trends.
3	As a user, I want to be able to filter reviews by things	Movie review functionality	HIGH	

	like rating or date posted.			
4	As a user, I want to be able to login and logout to manage my unique user profile. If not logged in Read only.		HIGH	
5	As a user, I want to view movies by genre, runtime, director, studio, cast (if time permits).		LOW	
6	As a Product Owner, I want to add new movies and mange reviews	Admin Accounts/Page	MEDIUM	

Future TODO
